

Estimated of the global waste production in the Autonomous Region of Madeira

Unit: t

| Items | Year |
|---|----------------|
| | 2024 |
| Solid waste production - total | 386 886 |
| For treatment in the solid waste treatment plant | 144 767 |
| Incineration | 127 848 |
| Clinical waste management | 612 |
| Organic waste valorization | 7 184 |
| Sanitary landfill | 7 485 |
| Tyre station | 1 639 |
| For recycling / valorization outside Madeira | 37 342 |
| Cardboard | 10 228 |
| Paper | 796 |
| Glass | 6 650 |
| Plastic and metal packaging | 2 429 |
| Waste electrical and electronic equipment (WEEE) | 832 |
| Scrap / Metals | 9 518 |
| Waste of end of life vehicles after dismantlement | 3 411 |
| Car batteries | 712 |
| Tyres | 1279 |
| Batteries | 8 |
| Waste oils | 990 |
| Used cooking oils | 488 |
| Valorization in Madeira Island | 19 433 |
| Plastic | 30 |
| Agricultural valorisation/composting | 65 |
| Tyres | 0 |
| Construction and demolition waste | 19 249 |
| Woodchips | 89 |
| For treatment outside Madeira | 1 530 |
| Dangerous waste | 1 439 |
| Clinical waste (groups III+IV) | 91 |
| Deposition of Inert in Madeira Island | 181 852 |
| Construction and demolition waste | 181 852 |
| Porto Santo | 3 332 |
| Landfills | 2 360 |
| Inert waste landfill | 2 095 |
| Municipal waste landfill | 265 |
| Organic waste for the production of woodchips | 972 |

Notes:

Overall production = For treatment in the solid waste treatment plant + For recycling outside Madeira + For treatment outside Madeira + Valorization in Madeira Island + Deposition of Inert in Madeira Island + Porto Santo - Tyres sent for Recycling (outside and inside Madeira) - Clinical waste (groups III + IV).

ETRS Meia Serra = MSW Incineration + HR Management + Sanitary Landfill + Tyre Station + Organic waste valorization.

Porto Santo = Organic Waste for Woodchip Production + Porto Santo Landfill (Inert landfill and Municipal waste landfill). □
